

# LEEN WAHDAN

## FULL STACK DEVELOPER

**Jordan, Amman | +962797874124 | leenwahdan01@gmail.com**

[GitHub](#) | [LinkedIn](#)

### Objective

---

**Full Stack Developer** with a strong foundation in building user-centered web applications, proficient in HTML, CSS, JavaScript, SQL, and PHP. Experienced in creating clean, efficient, and innovative solutions, with hands-on training from Orange Coding Academy. Passionate about contributing to dynamic teams and advancing in the ever-evolving field of web development.

### Experience

---

#### Full Stack Web Development Bootcamp (September 2024 – Present)

- Engaged in an intensive, hands-on full-stack development program covering HTML, CSS, JavaScript, PHP, Laravel, and React.
- Developed responsive and dynamic web applications, focusing on both front-end and back-end technologies.
- Collaborated on team projects simulating real-world development environments, enhancing skills in problem-solving, debugging, and version control.
- Built and deployed a range of projects, showcasing proficiency in MVC architecture, RESTful APIs, and user experience design.

### Projects

---

#### Portfolio Website | [GitHub](#)

Designed and developed a personal portfolio using **HTML** and **CSS**, showcasing skills and projects in a clean and responsive layout.

#### STEAM Educational Platform | [GitHub](#)

Created an interactive platform providing fun and engaging educational courses for kids using **HTML**, **CSS**, **JavaScript**, **Bootstrap**, and **JSON**.

#### Moments Gift Shop (E-commerce) | [GitHub](#)

Built an e-commerce website to enhance user experience in ordering gifts, featuring categories, detailed product listings, an admin dashboard. Utilized **HTML**, **CSS**, **JavaScript**, **PHP**, **MVC**, and **Bootstrap**.

### Unique Store (Second-Hand Marketplace) | [GitHub](#)

Developed a platform for users to buy and sell unique second-hand items. Implemented with **HTML**, **CSS**, **JavaScript**, **Bootstrap**, **Laravel**, **React**, and **API** integrations.

### Amana Service Platform | [GitHub](#)

Designed a service booking platform for care-related services like babysitting and nursing. Features an admin dashboard for efficient platform management. Built with **HTML**, **CSS**, **JavaScript**, **Bootstrap**, and **Laravel**.
